

DEDICATION

Melvin "Sam" Samuelson

Sam was born Feb. 15, 1923. He attended Jewell grade and high school and graduated in 1941.

He went to Lewis and Clark College one year and then joined the navy. He served four years aboard a destroyer. After the war he returned to college and graduated in 1948 with a Bachelor of Science degree.

In 1949 he married Patricia Harris. They made their home in Jewell and he worked as a self-employed logger. In 1959 he started driving the school bus.

Sam was a privileged man. He lived his life doing what he wanted. He loved working in the woods, farming and driving the bus. He was also a 4-H leader for 15 years, and Master of the Grange.

Pat Samuelson

The students of Jewell High School would like to express their appreciation for all the years of Sam's faithfulness and friendship to them. He was always kind to everyone and he always seemed to enjoy our nonsense.

We are going to miss him very much, but we are thankful for the time that we did have with him.

Sam died in January, 1984. He will be remembered by everyone in their own special way.

The SENIORS OF 1984 launched into their last year with anticipation and excitement. The thrill of being the top class of the school was almost too much. The Seniors started counting their days until graduation the very first day of school.

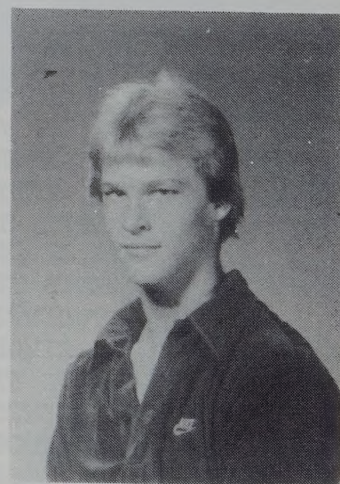

They proved to be a class with alot of ambition. They turned very good profits with the Seniors Stand, and the annual Rummage Sale. The class was very appreciative to the community for all their support.

The Seniors are now busily working toward their goal of going to Hawaii. They are interested in getting the ultimate tan.

The class is wished good luck, by the annual class, we hope you achieve everything in life you work toward.

This bunch of fireballs, loaded with school spirit and energy, has set the place afire with record (low) profits at the Candy Stand. They also sponsored a bottle drive, a stuffed animal raffle, and bake sales which turned out some profit. The Junior class was also busy working on the Junior/Senior banquet and the Prom. They have proved to be a very active class. They are already showing signs of Senioritis. Watchout for next year, teachers!!!

The Sophomore class really pulled together and showed the school how to be motivated. They made a great deal of money this year selling spirit coats, hats, and also hamburgers. They are preparing for a good Senior Trip.

They also visited several places this year which included QMSI, the Health Fair, and went on the annual P.E. bowling trip. The Sophomores really enjoyed the year.

Although the 1983 football season began slowly, the Jewell Bluejays, which included Seniors Bobby Robinson, Ty Hill, and Rod Camberg, achieved victory by the third game of their season with a win over Detroit.

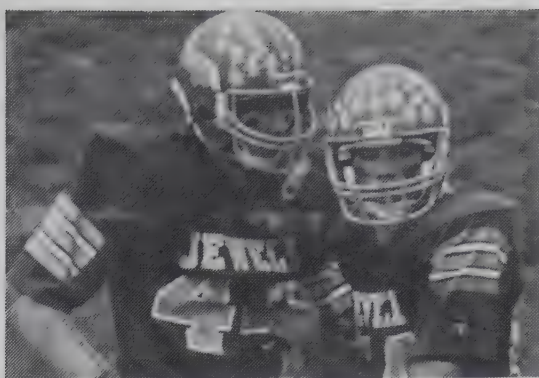

Through a schedule which included the usual untimely injuries, the Bluejays finished their second varsity season with five losses but four honorable victories.

As Coach Jim Wilkin summed up, "The outstanding thing about the season was the players themselves. They continued to show loyalty, courage, and positive, progressive attitudes."

Party Pals!

This was the first year we had the opportunity to play schools in our league for volleyball. Even though we did not win a match, we did win several games and put up an excellent fight against several schools. (scores of 16-14)

Brenda Morgan was our strong lead person at the net accumulating several kills and many aces throughout the season.

Linda Casad and Lori Adamson, as our setters this year, helped to give the team some good teamwork volleys.

Karen Hammerberg, was our outstanding server with an average of 1.2 points every game.

There was alot of inexperienced players this year, which will grow into promising athletes for our future team.

A very special good-bye to Linda and Brenda as they leave this year to further their educations. We'll miss you both.

Are you ready?

You're over there!

Shoot for two!

J.V. Basketball was a roaring success this year. To compare the team at the beginning of the year to the team at the end of the year showed immense improvement. The team was in many tight games and at the end of the year had developed the skill and patience to prevail. They changed from a rag tag group, to a patient opportunistic team. Coach Smith seemed very pleased with the whole team as they achieved almost every goal he had set. Here they play with their brains as well as their hearts and skills. Things are looking good for next year's team.

Tip it to a Bluejay!

Hang in there, guys...I think they're weakening.

VARSITY BASKETBALL

We started Basketball Season with high hopes and expectations of a grand finale in Baker. We were derailed along the way once again. At times our play was excellent as evidenced by a 88-56 thrashing of one of the best teams in the state. Consistency was a problem. But so was the continuing struggle of numbers. The people on these varsity and J.V. teams played as long and hard as any one could expect. We just simply need more bodies.

In looking back I can easily say I was proud of our team and the hustle they put into the game. We had a winning season and yet we are not happy with that. Next year I expect (as do the team members) bigger and better things.

Some interesting highlights; Buster McDonald's sighting of ostriches on the way to Detroit. Regie Mitchell's lack of equipment on a "few" trips. The blood rolling off of Dave Collier while the referee insisted he wasn't touched. James Wilkin's 15 yd. penalty for late hit. Ty Hill's dancing with the girls varsity coach (Hi Mom). Bob Robinson's twisting 30 ft. jumpers against CCA (bring on the Beavers).

Our thanks to all the Cheerleaders for their great support. And our Good-bye to "Sam" - WE'LL MISS YOU!

GIRLS BASKETBALL

From left: Christina Korff, Julie Riley, Lori Adamson, Karen Hammerberg, Brenda Morgan, Melissa Huppi, Diana Bryan, Shawna Portray, Debbie Weitz.

Overall the Girls Basketball team didn't have a winning season. But what they lacked in points, they gained in knowledge and experience.

The most memorable game was with O.S.S.D. The girls were three points behind with one minute, twenty-three seconds left in the fourth quarter and they managed to win the game with a point to spare. The team showed much courage and ability.

This years team was packed with enthusiasm and school spirit. We expect the team to keep up the good work and they will surely be something to watch next year.

RALLY

All for the Bluejays stand up and holler.

All together now.

"I thought it was a home game!"

The Cheerleading Squad for the 1983-84 Basketball season consisted of five dedicated members. Senior, Linda Casad; and Junior, Kristi Fisher; as Co-captains, and Senior, Brenda Morgan; Junior, Karen Hammerberg; and Sophomore, Lori Adamson.

The Rally worked very hard this year trying to raise the spirits of Jewell students. They had many pep assemblies which included skits, dance routines, games, class competitions, and a beauty pageant.

Homecoming Week was full of excitement for everyone. With days from Logger Day to Formal Day, everyone enjoyed dressing up to help celebrate the last week of the season. Wednesday, the cheerleaders sponsored a game time, which was enjoyed by all, including faculty and staff.

On Friday night, the Homecoming game was well attended by the community. The Varsity players presented corsages to the Cheerleaders. They were greatly appreciated. They will always remember that night.

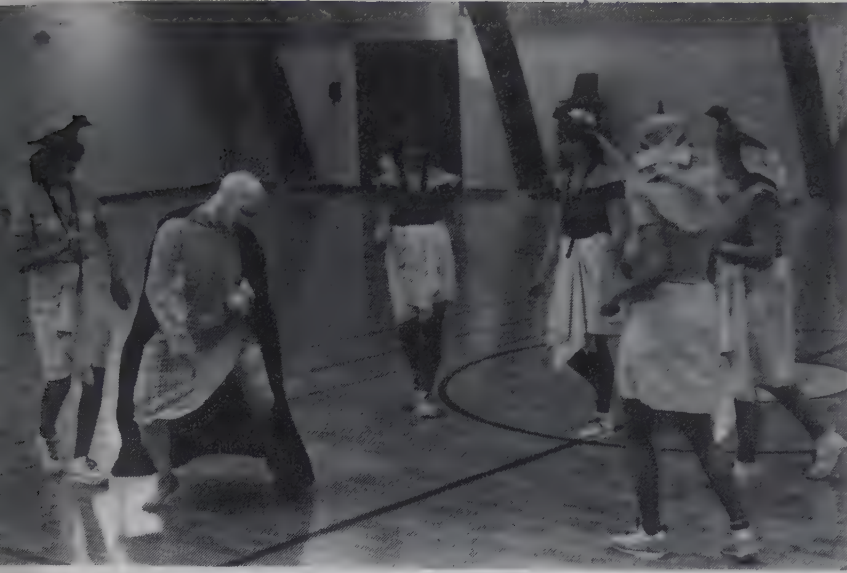

Linda, Co-captain, was quoted as saying, "I really enjoyed supporting my school in rally. I was always proud to be a Jewell cheerleader. I wish the new Rally squad all the luck in the world and I hope you enjoy it as much as I have these past four years."

The Jewell baseball team finished the season with a 0-7 record. Consistent rains prevented the Jewell 9 (literally 9) from gaining the experience necessary to compete against schools with established baseball programs. 8 of our 15 scheduled games were cancelled because of rain. In spite of our difficulties and inexperience, some diamonds in the rough were discoverable to the discerning eye.

Fourteen hearty sixth, seventh and eighth graders came out for the first Jewell Track Team. They all stuck with the team despite miserable weather at most of the meets and during many practices. We all discovered that you can run just as easily in the rain as in the sun. We participated in meets at Knappa, Ilwaco, Warrenton and Jewell and five team members qualified for the District Championships in Seaside. At the district meet, Rick Gazeley placed first in the shot put, third in the pole vault and third in the discus. Jon Collier placed fourth in the pole vault. Dale Holmes placed fifth in the discus. Steve Hale and Brian Maxey also competed.

7th & 8th GRADE VOLLEYBALL

Coach: Wendy Howie

Jewell School had its first 7th and 8th grade volleyball team this year, with Ms. Howie coaching. Ten eager, enthusiastic girls came out for the team: Anna Berdine, Regina Miller, Pam Korff, Jeannie Pitkin, Shirley Hill, Angie Holmes, Karen Harrod, Kelli Jansen, Rachel Lee and Charla Pitkin. Paula Riley and Bonnie Bauserman did a super job as scorekeepers.

We played eight matches, against five different schools. Although our first match was rather discouraging (15-4, 15-2), our scores improved with leaps and bounds at each subsequent match. We managed to go three games against Scappoose and Olney and we scored a win against Scappoose on their court. Most important, all team members worked hard, improved tremendously and had a good time, especially on road trips. Area volleyball teams better look out for the Jewell players next year.

The F.F.A. is a National Organization for farm youths with contests ranging from parliamentary procedure, to welding and livestock showing. Most of the male students at Jewell were members this year.

Our best activities for this year included the County Fair, the Ski trip to Mt. Hood and the Donkey Basketball game. Our best accomplishment for the year was to get our own sub-chapter in Jewell to start next year.

KINDERGARTEN

The Kindergarten class made up in quality what they lacked in numbers.

What do Kindergarteners like? The hamster (who left one day when the cage was open), "Ratty", who replaced him. Recess, the gym, learning about letters, numbers, trucks and planes, dinosaurs, insects, playing with friends all rank high on the list of likes.

The most notable fact in the Fifth and Sixth Grade this year is that there aren't very many of us. Our numbers being low in no way equates to low quality. This is one of our highest academic groups I have seen.

We are curious about the prom with only two Fifth graders- one boy and one girl. Our activity level is high also. Several field trips, and fun activities on the docket.
